

TONERS

EARTH GREENS TONER

Blemish & Oil Control/anti-aging

Removes excess dirt and oil, unclogging your pores and preventing breakouts. This facial toner features a subtle hint of peppermint oil and can be used as a primer before your other skincare products or to simply absorb excess oil throughout the day. This Earth Greens Facial Toner is wonderful for all skin types.

Key Active Ingredients:

- Mentha Piperita (Peppermint) Oil: Naturally cleanses the skin and has antiseptic and antibacterial properties. It has a cooling effect which soothes irritation and inflammation due to acne.
- Ascorbic Acid: Protects skin cells from damaging free radicals caused by UV exposure. It also inhibits melanin production in the skin, which helps to lighten hyperpigmentation and brown spots, even out skin tone, and enhance skin radiance.
- Aloe Barbadensis Leaf Extract: Soothe the skin and act as an anti-inflammatory agent. Clinically proven to be effective for healing burns, wounds and scars.
